

[WASBC News Flash.](#)

With the festive season behind us, it's off to another year of powerboat racing at the Western Australian Speed Boat Club.

This year our goal is to strengthen our club, increase our membership and encourage participation in our beloved sport of Powerboat Racing.

We aim to bring back our junior class racing and to see some new young drivers on the water.

We will work with our committee members and all of our club members in an endeavour to introduce the new classes of racing and to expand on existing classes, for the benefit of our club our sport and our members.

Along with this we would like to see stronger social activities within our membership, after all we have such a fantastic facility, how about we start putting it to use.

To achieve these goals however, we need our members support.

There are a number of supporters, who may have been past members of the club, or who may not have been members of the club, who frequent our practice days and race meetings.

We as members need to openly invite these supporters to join up, pay membership and to get on board.

The same goes for our teams, please encourage your team members to join in as paid members.

We thank all these persons for their ongoing support and would love to have them as part of our club.

On the note of membership, we would like to point out that any person who holds a position on the WASBC committee or on the WAAPBA committee, is required to be a paid up current member of the WASBC. It has come to our attention that this may have been overlooked by some. Please oblige as soon as possible.

January 25th is our next practice day, 10 am to 3 pm. Please be there with or without your boat. At the request of some members we put forward a motion to hold our race day organisational meeting after practice on T&T days. At this point, this will not interfere with the current dates as set out for general and committee meetings as per our Calender.

We will trial these T&T, race day preparation meetings for a while in the hope that we can get our members to the club not only on race days but also on T&T days. We need members to help out on race days in any way possible. Please come along and get involved in the club. Bring family and friends with.

The Club Renovations are taking shape thanks to all of those involved. Another good reason to come on down for a look and see.

Once again we would like to thank the Committee and members who have helped with the running and the management of the club and race days up till now for this season. We value your support and could not do it without you.

We wish all of our competitors and teams good luck and safe racing for the remainder of the season. To our new junior drivers, be safe on the water and give it stick.

See you all at the club on the 25th January 2015.

***Commodore: Mark Motzouris.
Secretary: Hilary Motzouris.***
